Oakville, Ontario

WORK EXPERIENCE:

Higher Definition
February 2007 - Present
Oakville, Ontario
Web Developer

<http://www.avdeals.ca> : I redesigned and converted the e-commerce web site from shared borders to DWT templates. I also create ads, change prices, generate new web pages and perform other regular maintenance on the web site.

<http://www.plasma.com> and <http://www.avdeals.com> : I create ads, change prices, generate new web pages and perform other regular maintenance on our two american web site's. I will also be converting the shared border system to DWT templates in the very near future.

<http://www.hdtv.ca> : I created hdtv.ca as our learning resource and buying guide web site. I also configured our IIS server for php / mysql and incorporated google adsense into the web pages. I maintain the web site and forum.

Plastics America
September 2005 - February 2007
Oakville, Ontario
Web Designer

I was responsible for the creation and maintenance of the company web site. I did the graphic design and catalogue creation. I also upgraded any hardware or software as needed and fixed any other IT related problem.

Ellis Tech
